

Parkinson's Exercise Class

Neuroscience Supportive Care Program

This exercise program is designed specifically to target PD symptoms. Exercise moves performed in this class are the building blocks for everyday movement and are performed with large amplitude, high effort, and attention to action in multiple postures. There are two class options depending on the participants' physical strength and mobility.

Registration required.

- Dates:** Every Thursday (starts 8/3)
- Time:** 2:00pm–3:00pm & 3:00pm–4:00pm
(2 classes back-to-back)
- Location:** Stanford Neuroscience Health Center
